Greeting Peter

In this document I attach the word doc as well as an excel file that contain the chemical analysis methods table for malathion, parathion and tetrachlorvinphos. If you need any addition details in the documents, feel free to leave some comments

Regards,

Marc

Hi Marc,

If you are around today (Friday), I have a special assignment for you. Please extract the chemical analysis methods tables for malathion, parathion, and tetrachlorvinphos (and the references) to a word document from the attached IARC monograph.

Please send me whatever you get done by the end of the day.

Thanks,

Peter
